Jonathan – ERb6 will be the lead branch for EFED (Mark Corbin and Bill Eckel). Mark will coordinate with other teams in EFED if chemical specific information is needed. Thanks

- Timeline for Response
 - By the ID signature (or publication?)
 - Q1, FY21 (12/31/20)

- Possibility to combine ID and petition response?
 - Need to change ID publication date?
 - Comment period on PID was just extended
- Going to do cumulative assessment?
 - Underway before petition
 - Each division can work through the petition and decide what work needs to be done and the timing for each piece
 - Note the responsibilities of each division and note which division takes the lead
 - Majority of work seems to fall to HED
 - EFED will be needed for the drinking water text
 - Is there any other big issue here that might complicate this?
 - The scope of reg review vs the scope of the petition

Ex. 5 Deliberative Process (DP)

- Next steps
 - Post petition to FR for comment
 - Angela will send examples
 - Timeframe for review of petition and publish: Angela will confirm
 - Will have to review quickly
 - Standard is "reasonable grounds"
 - Initial thought is that petition meets the standard
 - 30-day comment period on FR notice
 - Respond to NRDC: received petition and plan for publish (if we have that plan); no fees collected on tolerance petitions
 - Petition review: OGC, PRD
 - FR notice: draft by PRD, review by OGC
 - Contact NRDC: PRD, FEAD
- Future meetings
 - Set up once we've looked into the petition
 - Regular meetings (small group)
 - Email updates

Ex. 5 Deliberative Process (DP)

- Next meeting: first or second week of June
 - The reasonable grounds standard looks pretty well-met
 - Explanation of ask

- Information to support arguments
- Topics
 - FR notice
- Late Addendum
 - Following our call, Kaitlin Picone let me know that FEAD will send acknowledgement that the petition was received to NRDC
